

DOMFRUT

Coffee & Cocoa

www.domfrut.com

Domfrut was founded by a group of Dominican and Russian entrepreneurs with more than 30 years of successful experience in agricultural investment & wholesale trade. **Domfrut** actively promotes the production of **high-quality cocoa and coffee**, including the cultivation, processing and shipping to customers.

Domfrut works with companies that have successful alliance between small and medium-sized farmers that allows to improve the infrastructure for gathering and processing coffee and cocoa within **fair trade** and **respect to environment**. This ensures quality products for the most demanding markets worldwide.
